all those little questions that you aren't sure of about supplies, or that you've forgotten. Misty's techniques are so easy to understand and blend into your own work. This is truly one of the most beautiful and inspiring art book I've seen or owned. It goes to the very top of my list. I'm sure I'll wear out these lovely pages as I intend to spend a huge amount of time working from this book. Thank you so much Misty, your generosity and talent are overwhelming!! My next dream is to take a class in person!Phyllis Peterson2 of 2 people found the following review helpful. Mixed Media is just plain fun!By Impish22Misty Mawn is such an amazing artist. I have taken some of her online classes and thoroughly enjoyed them... I enjoy all kinds of art, but mixed media in particular, as the name implies, just allows much more freedom. The only down side to mixed media is your art supply budget will go through the roof..... if you let it..... it's just that much fun!
