Got stuff you want to keep or find a new use for? This book has 100 projects you can try out, to not only bust boredom but find new use for old things. My favorite projects were: 1. The boyfriend jeans, which is basically distressed jeans (or you make them look worn out) 2. T-Shirt wrap skirt which I made for my daughters, they love them. 3. Jeans with Patches, its cute and vintage. 4. tote bag (with 4 kids this came in handy for after school activity bags) The book gives you detailed instructions on how to make the project and gives you links to images so you can see what it would look like. (you do have to put in an email but I have a email just for stuff like that) 19 of 19 people found the following review helpful. Easily upcycle
