the ideas in this book about how to use old clothes and recycle them for a different use. Problem I have is the link to view the picture online takes you to a site but they want you to sign up and the images aren't viewable right away. Each project comes with a title, link to an online image, material and step by step instructions on how to make. Like the authors other books this one contains a lot of ads for other things and other places on the net. Says to click for instant access to the images-they are not even visible. I tire quickly from a book when it doesn't deliver what it says. 0 of 0 people found the following review helpful. Great written instructions but... By K. April Holgate OK, there are some great projects here with detailed step by step instructions, as well as material list at the beginning of each one. The projects range from fairly simple to a few more complex that invoke a bit more skill as a crafter. I really enjoyed the variety and innovative ideas. If you are already into crafting or upcycling, you may already know many of these projects. Newbies will be awed by all the ways they can reinvent old t-shirts and jeans. Here is the downside, no photos in the eBook, you have to click a link that takes you to a website. The bummer is the website is currently down. This makes it tricky for newbies who want to compare with a completed project. Also, it means when the site is working, you need WiFi access to really get the most out of the book. The other very strange thing is that the table of contents is at the end of the book. Not exactly a useful place for it. 3 of 3 people found the following review helpful. This book is a must read. By Fredrick Shaw I have always thrown away my used wears, accessories and house hold items just because I lost taste of them. But after reading this wonderful book, I discovered how I can convert these old unwanted wears and items to totally different articles producing new taste forthright use. I let my imagination run as far as it can go and I have been trying some new craft techniques on many items, and the results, Incredible! Also the book inspires to reduce waste and live freely. This book would make you an expert in fashion, accessories and home wears craft's making.

"This boxed set is packed with ingenious ideas on how to make crafts out of everyday items that may otherwise be discarded. Creative clever tips to make use of everything and everything--this is truly the MacGyver book-set of crafts." -- Frank Scozzari "This book is something I'd recommend to those new to upcycling. The directions are simple and easy to follow. This book is great by helping make your junks or trash into a usable product as a hobby or commercially. It has great decoration ideas to create home decor by converting trash into something else. Great book to boost one's creativity." -- Paul Wilson "I seriously enjoyed this book. There are so many options. A lot of great stuff! Yet another great thing is that it includes bonus crafts at the end as well as a downloadable image book that can be sent to your email. I will share this book to my peers and friends." -- Reed Brooks "After reading through this book and learning the ways of upcycling, I never have to get rid of anything again. This box set has several ways to reuse clothes, household items and even furniture. If you are looking for alternative ways to utilize some of your old stuff around the house, this book is for you. All the instructions are easy to understand so you'll have no problems when you actually start the crafts." -- Lucy Jones "After reading this wonderful book, I discovered how I can convert my old unwanted wears and items to totally different articles producing new taste forthright use. I let my imagination run as far as it can go and I have been trying some new craft techniques on many items, and the results, Incredible! Also, the book inspires to reduce waste and live freely." -- Fredrick Shaw About the Author Express yourself. Whether it's

crafting, decorating my home, or helping my kids with school projects I enjoy expressing myself. I believe it's my duty and my obligation to inspire others. I hope that others can take these ideas I have put out, and mold them to fit their own. "In crafts there are no mistakes. It is your own unique creation."
