**Pieza Corta : Urban Coloring book: Fun and Fanciful Sketches Cities** before purchasing it in order to gage whether or not it would be worth my time, and all praised Urban Coloring book: Fun and Fanciful Sketches Cities:

0 of 0 people found the following review helpful. Good idea, but too dark for coloring By Y. Carpenter The idea was great, execution was poor, in my opinion. The sketches are too dark and cluttered. It seems these were larger sketches shrunk to fit a reasonably priced rand book style. The paper is terrible for anything but dry media. They are interesting sketches though, and we'll made. I could not decide if these were actual pictures with a dose of software manipulation to make it look like a free hand sketch, or if these are actually sketches. If I color this, I will probably RE draw it on watercolor paper and use watercolors to paint it.

Adult coloring book cities for relaxation, stress relief, creativity, and fun. Inside you can find 13 full-page of the Real

Urban in Sketch design. Enjoy with your choice for color pencil, pen, or marker not recommended crayon.
