**Vanessa-Anne Collection : Vanessa-Ann's Plastic Canvas A to Z: Cross-Stitch More** before purchasing it in order to gage whether or not it would be worth my time, and all praised Vanessa-Ann's Plastic Canvas A to Z: Cross-Stitch More:

3 of 3 people found the following review helpful. Nice but not my favorite plastic canvas bookBy SleepsWithDogsI just got this book and went through it. One thing I noticed about many of the projects is that they aren't just plastic canvas. To complete many of the projects you have to buy other things. For example, there is a carousel that you will need to buy horses for, or a jack-in-the-box that you need to buy a doll head for. Most of the projects are not for beginners. To be honest, probably the only thing I will make from this book is the house that is on the cover, and maybe a couple other projects. I attached a copy of the contents, which unfortunately doesn't tell you a lot.2 of 2 people found the following review helpful. Five StarsBy CustomerThe projects are great. Everything is clear and easy to follow2 of 2 people found the following review helpful. Nice but datedBy JewelsieThe book is beautiful, and some of the patterns are amazing. But I agree with the reviewer who said that many of the patterns are dated. They were probably boutique worthy items in the mid 90s, but they just look silly now. Still, it was a fun book to look through.
