**Not Available (NA) : Vertical Antenna Classics (Radio amateur's library)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Vertical Antenna Classics (Radio amateur's library):

0 of 0 people found the following review helpful. Three StarsBy George H. HornbeckI did not realize it was a collection of articles about antennas and not instructions for building them.1 of 1 people found the following review helpful. Not worth it.By RICKCollection of old articles available individually online. Need some updating. Current antenna matching systems and construction materials are not covered.1 of 1 people found the following review helpful. Could be better!By AshleyIts a basic ARRL book. It's loaded down with math and figures. If you can get past all of that there is some good information in the book.
