**R.A. Burberry : VHF and UHF Antennas (Ieee Electromagnetic Waves Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised VHF and UHF Antennas (Ieee Electromagnetic Waves Series):

Describes a wide range of antenna designs and the fundamentals of their operation. Particular attention is paid to the

effects of an antenna's ambient environment and the structure upon which it is mounted (permanent or mobile), and methods of predicting and measuring its performance.
