From Brand: Sixth Spring Books : Vogue Knitting on the Go: Chunky Knits before purchasing it in order to gauge whether or not it would be worth my time, and all praised Vogue Knitting on the Go: Chunky Knits:

0 of 0 people found the following review helpful. Nice pattern selection By Susan M. Evanoff Patterns are classic. I plan to make several projects in this book. Good purchase. 0 of 0 people found the following review helpful. Generic patterns are fine. I should have read the small print this ... By Teacherwanda Generic patterns are fine. I should have read the small print this book is 7 inches by 6 inches, very small. I'll need to copy and enlarge the patterns in order to use them. 0 of 0 people found the following review helpful. Cute patterns! By Penelope I love this book and can't wait to knit something from it. There are some cute and easy knitting patterns in it and for a used book it was in fantastic shape.

Large needles, simple shapes, and multiple strands of yarn make this selection of dazzling pullovers, vests, tunics, turtleneckseven home accessoriesas fast to finish as they are stylish. A sleek, carry-it-anywhere book; color

illustrations; easy-to-follow instructions and charts; and a handy, wide-ranging reference section make your knitting experience nearly foolproof. So snatch your needles, grab your yarn...and get going!

From Library Journal
Chunky is in. Using chunky yarns (or multiple strands of yarn) and large needles, today's busy knitters are happily churning out sweaters and accessories in a fraction of the time it used to take to get wearables off the needle. Unfortunately, some of these garments either make their wearers look like the Pillsbury Dough Boy or are so loosely knit that you could slip your fist between the stitches. This volume comes to the rescue with a selection of garments that are fast to knit and stylish. In addition to sweaters and vests, colorful accessories include a cashmere cabled hat and a Kilim tote. All patterns include full-color illustrations, materials lists, gauge information, and schematics. Most public libraries will want this one, especially if other titles in the series have been popular. Copyright 2002 Cahners Business Information, Inc.
