It was the red herringbone style poncho. The directions were straight forward, however they asked for a seperate smaller weight skein of yarn, but didn't tell you what to do with it. I even took it to my local yarn shop to ask them if they could figure it out. I ended up using it in the fringed and when I knitted the collar. It came out beautiful!!!!!!0 of 0 people found the following review helpful. So many ponchos so little time!By Momma GadgetCan You every have too many ponchos?
