Nothing really different or new by way of stitches, but the directions are easy to read. The biggest draw back was that some of the samples were knitted in a very dark blue and it is hard to see the stitch definition, which is important in a work of this kind.If you are interested in stitches, go to Barbara Walker's books.0 of 0 people found the following review helpful. goodBy Kindle Customergood book0 of 0 people found the following review helpful. A handsome collection of lace knitting stitchesBy W. David GernsA beautiful collection of many beginning lace knitting stitches. A beautiful, hard cover volume, but strangely sized a somewhat unweildy 8 1/2" high and 11" wide. The photography is definitely Vogue magazine quality, and beautiful to look at. The patterns are nicely written, some are charted.

The newest volume in Vogue Knittings must-have series! Lovely, versatile lace comes in infinite varietieslight and airy, chunky, intricateand is perennially popular with knitters. Featuring clear, concise instructions, charts, and gorgeous color photographs of over 150 designs, this fifth installment in the successful Stitchionary series provides a complete catalog of lace patterns from the Vogue Knitting archives. This is sure to be an essential reference for every

knitters library. Stitchionary #5 includes: - Easy mesh patterns: straightforward and perfect for first-time lace knitters-
- All-over patterns: range from small and simple to fairly complex and challenging-
- Combinations: lace teams up with cables, embroidery and more -
- Edgings: helps knitters find the perfect finishing touch for any garment.-
- Motifs: an excellent starting point for a design-
- Panels can stand alone or team up with other patterns to create stunning effects-
- Chevrons: add movement and visual interest with their undulating rhythms.
