From Brand: SixthSpring Books : Vogue Knitting Very Easy Sweaters: 50 Simple, Stylish Designs before purchasing it in order to gage whether or not it would be worth my time, and all praised Vogue Knitting Very Easy Sweaters: 50 Simple, Stylish Designs:

14 of 14 people found the following review helpful. This book is a winner.By Wren CottageI am generally considered a sweater knitter among my many knitting friends. And while I enjoy working cables and various designs, sometimes I want to make something that is simple and easy and not a brain drain. This book contains lots of patterns that are right up that alley. I have already made the Collared Cardi, an easy and fast knit that turned out just like the photo, and am planning to knit the Red Striped Pullover from the cover photo soon.Buy this book and don't be scared to prepare to make an attractive, stylish sweater...even if it's your first. If you can knit and purl and have a few very basic knitting skills, you CAN make one of these sweaters. Just think how proud you will be to show your friends your new Vogue sweater.Patterns are clearly written and schematics are very useful. Styles run the gamut from classic to playful to elegant and artsy.70 of 75 people found the following review helpful. Deceived into thinking this was a new bookBy SharCI saw this book and immediately signed up for delivery as soon as it was published. I was surprised to receive it prior to the publishing date. But, I was so let down.If you have a Vogue Knitting Subscription, their is no need to

purchase this book, unless of course you want a book of fifty patterns all in one place and easy to find. The pros;- The book is split into 5 sections, Stockinette, Light and Easy, Dramatic shapes, Cables, and Stripes and colorwork which make finding something you might be in the mood to knit, a little easier to find.- There is certainly something for everyone in this book and the range of needle sizes are pretty equally distributed from about a 3US up to 15US.-The patterns are all relatively easyCons;The patterns aren't new, they are reprinted put into a nice hard cover and given a new title.-If you have had a subscription for the last 5 years, you will be familiar with most of the patterns in the book.- With Vogue if it doesn't say "new" then it isn't! Maybe I should have given the book more stars but I figure 3 pros and 2 big cons make for 3 stars! 16 of 16 people found the following review helpful. Vogue Knitting Very Easy Sweaters: 50 Simple, Stylish Designs By Jan Most of these sweaters are just plain weird and there are few (like one or two) I would want to knit ... this book likely will go on the shelf and never get used. :(

Knitters, get out your needles! The editors of Vogue Knitting have created a chic and beautiful best of sweater collection, drawn from their extremely popular Very Easy Vogue patterns. With basic stitches and simple finishing, these designs are ideal for newbies as well as knitters who want lots of style in little time. Some of knitwear's biggest names including Cathy Carron, Rosemary Drysdale, Kaffe Fassett, Louisa Harding, Sasha Kagan, Kristin Omdahl, and Tom Scott created these patterns, which cover everything from stockinette, stripes, and cables to lightweight knits and relaxed fit.
