This unique book provides scholarly and practical knowledge on the social-psychological aspects of dress and image. It identifies exactly what clothing characteristics to look for and how to proceed in building a wardrobe. Focusing on individual creativity and flexibility, the reader is asked to answer questions such as: What would work for me? Why? and How?, rather than approaching wardrobing from a do/don't or always/never perspective.Instructors, contact your Sales Representative for access to Instructor's Materials.
