with a few nice surprises. Very fast shipping! 4 of 5 people found the following review helpful. Finally there is a book
on this subject. By Satisfied Reviewer I am just beginning to read this newly released book. It seems to cover a good
assortment of projects. My interest is primarily greeting cards but I am finding good ideas in other chapters in this
book. Probably most helpful are teaching hints about how to use and handle Washi tape. Some things I am learning
from this book would never occurred to me on my own. 0 of 1 people found the following review helpful. Two Stars By
Mimizw just ok. can go on YOUTUBE and find the same stuff
