Vanessa-ann Collection : Weatherbee Farm - Quilting Cross-stitch before purchasing it in order to gage whether or not it would be worth my time, and all praised Weatherbee Farm - Quilting Cross-stitch:

"Experienced in many art forms and experimenting in new ones, TRICE LILJENQUIST BOERENS presents here another example of her abilities. Her works, which appear in other Vanessa-Ann ppublications, have become favorites of needleworkers. The influence of her college work in graphicarts and her control of color are shown in projects for cross-stitch such as her "Home Sampler" and in projects for combining needlework skills such as the "Rural Applique". Whether doing stenciling or sewing machine work, paper dolls or pieced work, cotton embroidery or soft sculpture, Trice continues to produce exciting designs. She is a graduate of Brigham Young University and lives in her home town, Ogden, Utah, with her husband and young son. From her youth, DORI WILLIAMS and her parents spent their time doing "crafty" activities together. Today, as the owner of The Scrap Drawer in Salem, Oregon, Dori continues in crafts work. She teaches classes in transparent applique, quilting and stenciling. Dori designed the transparent applique projects in this book." (from book)
