Toot Puddle -perfect for little handsBy AGA beautifully illustrated, wonderful trio of stories for children about two best friends and their adventures.This collection of stories should be a part of every children's library, and the small size of the hardcover books makes them perfect for little hands and extra fun to read.1 of 1 people found the following review helpful. MisleadingBy Brandon VanOrdenThe "book" is actually a SET of mini-books, all of which we already owned. It wasn't clear to me this was a book set, and not an actual book called, "Welcome to Woodcock Pocket." Very disappointed.

This boxed set features miniature editions of Toot and Puddle's first three adventures, perfect for gift giving. Includes "Toot Puddle, A Present for Toot" and "You Are My Sunshine". Full color. each book.

From Publishers Weekly Children can now read about best friends Toot Puddle in a miniature boxed set, Toot Puddle: Welcome to Woodcock Pocket by Holly Hobbie. The three adventures are Toot Puddle, in which the two pals remain close while they are apart from each other; Toot Puddle: A Present for Toot, in which Puddle searches for the perfect gift; and in Toot Puddle: You Are My Sunshine, Puddle tries everything to cheer up his friend. Hobbie's signature watercolors shine through the small pages. Copyright 2001 Cahners Business Information, Inc.
