**Ursula Michael : Whimsical Machine Embroidery** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Whimsical Machine Embroidery:

I thought that to book was helpful for the beginning machine embroiderer that I was at the time. I have used many of the designs that are in the book with other pieces and they always look great.0 of 0 people found the following review helpful. SuperbBy GrammaGGood response time from seller! Good ideas for beginners, a great place to start! I plan to use this book to start making embroidery items to sell at the craft shows. I also plan to share them with my mother who is a beginner at embroidery as well.0 of 0 people found the following review helpful.
