before purchasing it in order to gage whether or not it would be worth my time, and all praised Wild Things to Make: More Heirloom Clothes and Accessories to Sew for Your Children:

The clothing is ADORABLE and my kids love itBy Rick ShellhammerThe clothing is ADORABLE and my kids love it, however the instructions are not very good and some of the pattern pieces are wrong (like the skirt piece for the goddess dress). This doesn't really pose a problem for me as I am fairly experienced and can work with the instructions and small errors but for some one with less experience it might be difficult. Even still I like the book and think it was worth purchasing.

The Wild Things clothing brand is back with more sewing projects to make for your children.
