Chrissie Mervine-Grace : Wild Tiles: Creative Mosaic Projects for Your Home before purchasing it in order to gage whether or not it would be worth my time, and all praised Wild Tiles: Creative Mosaic Projects for Your Home:

7 of 7 people found the following review helpful. Unique Beginner BookBy JT HillI am new to the art of mosaics and found this book creative and interesting. It is definitely a beginner book but I believe it should be purchased with a basic technique book like The Practical Guide To Crafting With Mosaics by Simona Hill. I hope to replicate some of the projects and use the author's other ideas as a springboard to create my own designs. I found the Majestic Roses mirror project to be simply beautiful as well as the You Are My Sunshine picture frame. I can understand why more experienced crafters might not have liked the ideas in this book, I'm sure they have created many similiar projects; but I think there are some wonderful ideas for beginners.0 of 0 people found the following review helpful. Five StarsBy Judy HuddlestonThis is a good book for the beginner tile maker.21 of 22 people found the following review helpful. Overall not inspirational but some good tipsBy Vanessa StrangeI agree with the other reviewer, this book certainly

didn't showcase "wild" mosaics. There are good basic tips on how to do mosaics but the actual projects are just so so....nothing exciting. I really can't recommend this book,the author seems like a nice person but this book isn't a must have by any means,

Discover your mosaic museMosaics transform any plain surface into a one-of-a-kind piece of art. Now you too can create beautiful, quirky, imaginative and whimsical mosaics with Wild Tiles.
