Scott Meyer : With Fire: Richard Hirsch before purchasing it in order to gage whether or not it would be worth my time, and all praised With Fire: Richard Hirsch:

0 of 0 people found the following review helpful. A Revelation!By Garth W. JohnsonThis book deserves to be on the shelf of ever ceramic-loving individual in the country. Rick Hirsch has long deserved a monograph like this, and Scott Meyer's writing lives up to the task. The book contains chapters on the major epochs in Hirsch's career, and doesn't skimp on stories (of which Hirsch has many). The photography and printing are great... hats off to RIT Cary Graphic Arts Press!

With Fire is the story of ceramic artist Richard Hirsch, and an examination of the work for which he is so widely celebrated. This richly illustrated book presents the life of an artist whose career spans some of the most important developments in the American Clay Movement. Hirsch established a connection with the legendary Raku and Ohi families, whose influence created a lasting pedagogical and creative link to the West that continues today.SCOTT MEYER is Professor of Ceramics at the University of Montevallo in Alabama. He has authored numerous articles and

is the recipient of many awards for creative excellence and teaching. Meyer's work with Richard Hirsch has spanned studio, kiln, writing and instructional workshops.

About the Author Scott Meyer is Professor of Ceramics at the University of Montevallo in Alabama. He has authored several articles and books and is the recipient of numerous awards for creative excellence and teaching.
