Susie Brooks : With Scrap Paper (Let's Make Art) before purchasing it in order to gage whether or not it would be worth my time, and all praised With Scrap Paper (Let's Make Art):

A collection of fun, simple, inexpensive craft projects, ideal for time-poor parents and budget-challenged schools, promoting reuse and recycling. Beautifully designed, the book is clearly and appealingly illustrated with step-by-step instructions and engaging artwork. Each activity is straightforward and achievable, and as such allows stressed or anxious children to 'make it happy', building confidence in their own abilities. Let's Make Art With Scrap Paper shows you how to weave paper into skyscrapers, make shaggy dogs from old newspaper, create a mosaic smiley snail, assemble an elephant-shaped bookmark from cardboard and old magazines and much, much more. Techniques include drawing, painting, printing, collage, making rubbings and paint-scraping - used in ingenious ways for fantastic results! Other titles in the series include Let's Make Art By Printing and Stamping, Let's Make Art with Everyday Things and Let's Make Art with Hands and Feet, so there's a whole load of upcycling fun to be had!

About the AuthorSusie Brooks is an award-winning writer and editor of children's books. Writing on a wide range of subjects from dinosaurs to geography, she also masquerades as an artist (among other things, painting children's portraits and getting messy in classroom workshops!). In 2014, her Get into Art series won the English Association Picture Book Award, British Book Design and Production Award and the overall SLA Information Book Award. She can regularly be found walking people's dogs and in her spare time, loves to travel and explore new places!
