My daughter loves the hilarious and whimsical pictures!2 of 2 people found the following review helpful. Surprisingly great!By AmandaCSince there were no reviews on this book or visable pictures of the inside, I took and chance and ordered it anyways. I'm so glad that I did!! It's such a cute, whimsical book about under the sea!Paper is a bright white and a light to medium thickness and glue bound.Images are printed double sided but I had no problem getting the book to lay flat. Linework is thicker black ink and its not one of those books with super tiny details. Many double page spreads.Colored pencils will work great in this book but I don't recommend markers or wet mediums. I will try and use my Derwent Inktense pencils, but with the lightest water possible.Overall, this is a great book and I highly recommend it to anyone that likes to color!

A coloring book that will relax and inspire, all the while transporting you to the vibrant world that exists under the sea.Travel underwater and let your imagination dive into the fabulous depths of the aquatic world. As you explore the world beneath the surface, you will encounter tropical fish, seahorses, whales, turtles, dolphins and much more.Leave behind all that is ordinary as your imagination takes you on an underwater journey that will both relax and inspire you. This book will reveal the artistic side you may not know you have, and allow you to forget your worries and unwind as

you enter this wonderful and intricate world.
