Brian Menold : Wooden Puzzles: 20 Handmade Puzzles and Brain Teasers before purchasing it in order to gage whether or not it would be worth my time, and all praised Wooden Puzzles: 20 Handmade Puzzles and Brain Teasers:

1 of 1 people found the following review helpful. the best part of this book are the bits on assemblyBy Robert W. YoungFor me, the best part of this book are the bits on assembly. I've made lots of Soma cubes and similar 27-block puzzles. And it always got on my nerves fussing with blocks so the grain pattern works out nicely when assembled. Brian's assembly method is so simple and virtually guarantees that one gets the final grain pattern correct. /* Duh! Smacks forehead! */0 of 0 people found the following review helpful. Very easy to understandBy Thomas T. VergaVery easy to understand. I have constructed two of the puzzles in here and had not trouble at all. The jigs are easy to construct and most can be built from scrap laying around the shop.This is a must have for both the neophyte or the experienced builder.The techniques translate easily to puzzles from other books that do not spell things out as well.1 of 1 people found the following review helpful. Good bookBy Norbert Feysome challenging projects to make,

not for the beginner but still a very good book

What could be better than a woodworking project that expands your woodworking skills, results in a gallery-worthy project that will bring hours of entertainment, and could even make a dent in your pile of scrap wood? 20 of those projects compiled into one great book. In *Wooden Puzzles*, master puzzle maker BRIAN MENOLD takes you step-by-step through the construction of 20 ingenious puzzle designs. With plenty of clear photographs and illustrations along the way, you'll have no problem creating beautiful puzzles of your own no matter what your skill level. The final puzzles range from relatively simple to solve to devilishly difficult so the fun doesn't end when the projects are complete.

About the Author A woodworker for over 40 years, Brian Menold began making wooden puzzles in 2009. His beautifully made puzzles are available through his website, [Wood Wonders](#).
