By Libby I pre-ordered this book and received it a few days later.

I love Stephanie's patterns and this is such a great deal (21 patterns for \$12?!). This book features some of her popular patterns as well as some new ones. There is an array of hoods, scarves/cowls, sweaters, capes/ponchos, leg warmers, and mittens. As soon I got this book I immediately looked through my yarn stash to see what I could start!

Pros: Easy to read and understand. Gives extra directions where needed. The Moonbeam Duster and the meow mitts have sizes up to XXL and XL respectively with measurements. The writer is hilarious. The Antler Hat has finished circumference measurements. So, me with my big head could adjust the stitches before starting.

Cons: The bind off on the Dragon Watcher's Hood is a simple thread and cinch, instead of a true bind off. Which seems lazy to me and doesn't look/wear as good. I actually did a bind off. The Dragon Watcher's Hood IS kinda plain. I added a couple rows of Garter Stitch to make some horizontal ribbing right after the folded brim channel. I may add a tiny crocheted dragon to finish it off. All the other sweaters/ponchos are only in size large. The Catching Butterfly fingerless gloves are one size.
